

Year	Year when the storm of Tropical Storm (TS) intensity or greater formed or entered into the responsible area of RSMC Tokyo-Typhoon Center
International number ID	Last two digits of calendar year followed by 2-digit serial number ID of the storm of Tropical Storm (TS) intensity or greater
Flag of modification, addition or elimination	1 : Modification 2 : Addition 3 : Elimination
Flag of header or data line	1 : Header line 2 : Data line
Time(UTC)	blank : Case of Header line yyyymmddhh (UTC) : Time of analysis (Case of Data line)
Flag of data category	blank : Case of addition or elimination H01 : Modification of "Indicator" (Header Line for Each tropical Cyclone) H02 : Modification of "International number ID" H03 : Modification of "Number of data lines" H04 : Modification of "Tropical cyclone number ID" H05 : Modification of "International number ID" H06 : Modification of "Flag of the last data line" H07 : Modification of "Difference between the time of the last data and the time of the final analysis" H08 : Modification of "Name of the storm" D01 : Not used D02 : Modification of "Indicator" (Data Lines) D03 : Modification of "Grade" D04 : Modification of "Latitude of the center" D05 : Modification of "Longitude of the center" D06 : Modification of "Central pressure" D07 : Modification of "Maximum sustained wind speed" D08 : Modification of "Direction of the longest radius of 50kt winds or greater" D09 : Modification of "The longest radius of 50kt winds or greater" D10 : Modification of "The shortest radius of 50kt winds or greater" D11 : Modification of "Direction of the longest radius of 30kt winds or greater" D12 : Modification of "The longest radius of 30kt winds or greater" D13 : Modification of "The shortest radius of 30kt winds or greater" D14 : Modification of "Indicator of landfall or passage"
Before modification	Case of modification : A data which was recorded before modification Case of addition : blank Case of elimination : A data line which was recored before elimination
After modification	Case of modification : A data which is recorded after modification Case of addition : A data line which is recored after addition Case of elimination : blank
With or without modification of graphics	0 : Without modification of graphics 1 : With modification of graphics
Date of revision	Date of revision, yyyymmdd (UTC)
